High Performance Translucent Sign Vinyl Colour Card

MT-700 SERIES

## MT-700 Series | High Performance Translucent Sign Vinyl

### Product Description

Create illuminated graphics with confidence. This high-performance polymeric translucent sign vinyl is engineered for LED panels, backlit lightboxes and fabricated signage, delivering exceptional colour consistency, outstanding light transmission and a premium satin finish that minimises reflections.

The 80-micron soft-handle face film offers easy cutting, weeding and application, while excellent UV stability helps maintain vibrant colours over time. A crystal-clear adhesive and layflat PE release liner provide dependable handling and a flawless finish.

### Specifications

|                                        |
|----------------------------------------|
| 80 Micron Polymeric Calendered PVC     |
| Permanent Solvent-Based Acrylic        |
| Application Temperature +10°C to +50°C |
